

■ Features

- Mounting Base for LS-type detectors
- Compatible with 2KH2-LS, 2SC-LS and 1CD-70-LS
- 3 terminals equipped with 6 screws allowing easy wiring with thick conductors
- Thin profile minimizing its protrusion from ceiling
- Screw socket enables quick and easy mounting of detectors
- Stain-resistant, Flame-retardant Resin body

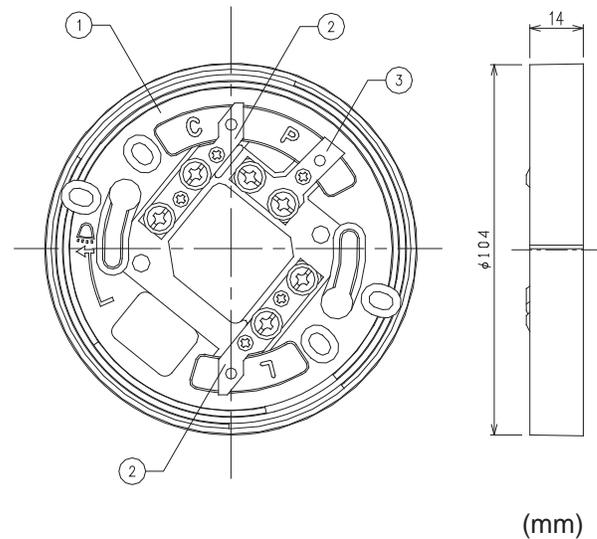

■ Description

3T Detector Mounting Base is a 4 inch mounting base for Nittan's LS-type detectors. The base is available as a terminal block because of no electrical circuit. The base is supplied with 3 terminals that are used depending on the detector heads. Even thick conductors can be connected to the terminals with screws.

■ Compatible Detector Models

Model	Description
2KH2-LS	Conventional Smoke Detector
2SC-LS	Conventional Rate-of-Rise Heat Detector
1CD-70-LS	Conventional Fixed Temp. Heat Detector

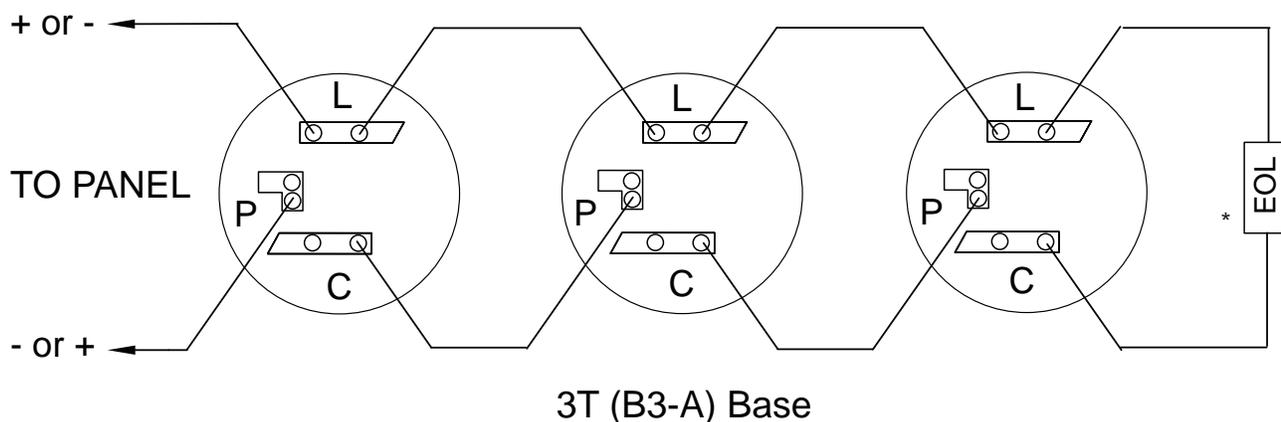

■ Dimensions

1. Main Body
2. Base Terminal A
3. Base Terminal B

(mm)

■ Typical Wiring Diagram

* EOL: End of Line devices usually come with the fire alarm control panels or other devices to which the detectors connect.

■ Ordering Information

Model	Description
3T	Mounting Base for LS-type detectors, screw type terminal
B6T2	Mounting Base for LS-type detectors for connecting a remote indication lamp, screw type terminal
B3-J	Mounting Base for JP-domestic detectors such as 1KH3-P, 2RA1-P, 2KAD2-P, 2SR-PH, TCR2-60-PH, insertion type terminal
B2-C	Mounting Base for 3KH3, insertion type terminal
B4-F	Mounting Base for NFD-68-P, screw type terminal
B4-F	Mounting Base for NFD-68-P, screw type terminal
KH-24	Recessed Mounting Adapter
B0-F	Mounting Adaptor for 2SJ-LW
FKD-90	Angle Adjuster for Flame Detector

■ Specifications

Specifications	3T
Dimensions	ϕ 104 mm x H 14 mm
Weight	55 g
Compatible Outlet Box	JIS-C-8336 Medium size square outlet box
Compatible Coating Cover	JIS-C-8339 Medium size square cover with round hole

All specifications are subject to change without any notice.
